

Euro cancer research conference September 12-14, 2019

Theme: Global challenges in targeting of cancer and its therapeutic advances

Genoteq Healthcare welcomes you to attend Euro cancer research conference during September 12th -14th, 2019 Rome, Italy. We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Cancer research. Genoteq is a group which had expertise in organizing conferences which are powered with knowledge, experience and amazing people and to provide opportunities for B2B event organizers. By gathering expert speakers and leading professionals and providing them with strategic knowledge and growth opportunities. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists. The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

Targeted audience:

Academics, Healthcare professionals, Oncologists, Radiologists, Chemotherapists, Cancer professionals, Pathologists, Medical practitioners, Diagnostic laboratory professionals, Hematologists, Students, Industry professionals

- **First Round abstract submission closes on January 15th 2019**
- **Second Round abstract submission closes on April 20th 2019**
- **Third Round abstract submission closes on August 15th 2019**

Sessions:

1. Cancer diagnosis and cancer therapy
2. Cancer epidemiology and prevention
3. Healthcare delivery
4. Public policy issues, ethics and confidentiality
5. Research into care at the end of life
6. Living with and beyond cancer: physical, psychological and social impacts and their management
7. Cancer cell and model system
8. Molecular and cellular mechanisms of oncogenesis and tumor suppression
9. Breast Cancer research
10. Clinical oncology
11. Recent advances in drug discovery and therapy
12. Types of cancer
13. Radiology
14. Leukemia
15. Cancer defined oraan

Why to attend:

- Experience the energy and excitement associated with the patient care
- Provide educational opportunities for those with interest towards Cancer research
- Identify strategies to account for drug combinations early in development
- Meet prospective partners and identify in-licensing and out-licensing opportunities
- Learn about overcoming resistance in targeted therapies
- As an educational opportunity and may provide the latest knowledge, research update, and discussions on a variety of topics related to patient care and safety
- Apply essential skills needed to maintain enduring relationships with people with cancer

Venue:

September 12-14 2019 Holiday Inn
Rome- Euro Parco Dei Medici, Rome,
Italy

Global Conference on Cancer Research & Therapy

September 06-07, 2018 Venice, Italy

Day 1 September 6th 2018

10:00-10:30

Registrations & Opening Cermony

Keynote Presentations

10:30-11:00

Title: Evidence of changing trend of high-risk population to develop lung cancer
Ping Yang, Mayo Clinic College of Medicine, USA

Sessions: Breast cancer research, Clinical oncology, Diagnosis and therapy of cancer

Session Chairs

Hiroshi Kobayashi, Chiba University, Japan
Xiaoyong Yang, Yale University, USA

11:00-11:20

Title: Searching for new tools in breast cancer prevention
Carmen Pingarron Santofimia, Hospital San Jose Quironsalud, Spain

11:20-11:40

Title: Accommodating disability with dignity- Lymphoedema treatment in end of life care
Rebeka Mortha, Tata Memorial Hospital, India

11:40-11:55 Refreshment break @ Bar

11:55-12:10 Group Photo

12:10-12:30

Title: Surgical procedure of neuroendocrine carcinoma of the bladder
Nikola Radovic, University Hospital Center Zagreb, Croatia

12:30-12:50

Title: Possibility of the prostate cancer visualization
Besarion Partsvania, Georgian Technical Univerity, Georgia

12:50-13:10

Title: Molecular based therapeutic targets for advanced salivary gland cancers
Adel K. El-Naggar, The University of Texas MD Anderson Cancer Center, USA

13:10-14:00 Lunch Break @ Ristorante IL Campiello

Session Chairs

Carmen Pingarron Santofimia, Hospital San Jose Quironsalud, Spain
Adel K. El-Naggar, The University of Texas MD Anderson Cancer Center, USA

14:00-14:20

Title: Cancer cure and prevention innovations
Muralee Damodaran, HSR Division, AIMS, India

Global Conference on Cancer Research & Therapy

September 06-07, 2018 Venice, Italy

14:20-14:40 Title: Transcriptional regulation of O-GlcNAc homeostasis is altered by ERK signaling in pancreatic cancer
Xiaoyong Yang, Yale University, USA

14:40-15:00 Title: Anti cancer drugs specific to acidified nests
Hiroshi Kobayashi, Chiba University, Japan

15:00-15:20 Title: Gene co-expression analysis unveils the biological process in relapse of trastuzumab treated HER2 breast cancer
Fidelia S Lau, The Hong Kong Polytechnic University, Hong Kong

15:20-15:35 Refreshment break @ Bar

15:35-16:15 Poster Presentations

EC101 Title: A review of cutaneous manifestations of breast implant associated anaplastic large cell lymphoma
Minh Doan Nguyen, Mayo Clinic, USA

EC102 Title: Selection of a suitable reference gene for the study of ERVW-1 expression
Petra priscakova, Univerzita Komenského, Slovakia

EC103 Title: Statins and pancreatic cancer
Helena Gbelcova, Comenius University, Slovakia

Panel Discussion

Day 2 september 7th 2018

Sessions: Breast cancer research, Clinical oncology, Diagnosis and therapy of cancer

Session Chairs

Tony B. D'Assoro, Mayo clinic, USA
Hussam abu jaab, Monash university, Morocco

10:00-10:20 Title: Low cost flexible electrochemical sensor for detection of ascorbic acid in smokers to diagnosis stage of lung cancer
Indu Pandey, MVJ college of Engineering, India

10:20-10:40 Title: EGF and TGF& Motogenic activities are mediated by the EGF receptor: Identification of the signalling pathways involved in oral cancer
Aye Myat Thwe, University of Dundee, United Kingdom

10:40-11:00 Title: Oral cancer our experience in improving quality of patient's life
Wael Al-shelfa, Saudi-German Hospital, KSA

11:00-11:20 Title: Precision radiotherapy: Innovation, targeting and integration
Karol Sikora, Buckingham Medical School, UK

Global Conference on Cancer Research & Therapy

September 06-07, 2018 Venice, Italy

11:20-11:40 Refreshment break @ Bar

- 11:40-12:00 Title : Targeting the sonic hedgehog pathway in colon cancer stem cells with small molecule inhibitors
Aabilah Omar, University North Cyprus, South Africa
- 12:00-12:20 Title: Levels of mTOR expression correlates with the outcome in AML
Nahla Osman, Menoufia Univirsity. National Cancer Institute, Egypt
- 12:20-12:40 Title : TGF- β / AURKA pharmacologic targeting to halt stemness and TNBC progression
Tony B. D'Assoro, Mayo clinic, USA
- 12:40-13:00 Title: The emerging role of nursing in the patients with lung cancer
Hussam abu jaab, Monash university, Morocco
- 13:00-13:20 Title: Developmet of real - time monitoring of Alkaline phosphatase(ALP) released from cells based on microelectrode arrays for clinical analysis
Thanish Balbaied, Unversity College Cork, Ireland

13:20-14:20 Lunch break

Networking and Round Table Discussion

Awards Ceremony
